

# TURKISH JOURNAL OF OBSTETRICS AND GYNECOLOGY

## LETTER FROM THE PRESIDENT

Dear Colleagues,

I wish you a happy, successful, healthy new year.

I would like to summarize our Works since October 2015. We had done the Rising Star programme. Twenty three young obstetrics and gynecology specialists under 40 years of age were selected. They had undergone a 3 days of programme which was very interesting and hope that they will be our future.

We had done the 6<sup>th</sup> assistant school in Northern Cyprus Turkish Republic and 32 young assistants attended this programme, it was fruitful for them.

We are continuing our regional meetings. Our ethics and law committee are making very successful meetings all around the country. Our colleagues like it very much.

You know that a cardiologist who is working as a dietician and also believes that she knows the pregnant women more than us. She is against glucose tolerance test and unfortunately effects the society via media very much. We have applied to İstanbul Medical Association and she was withdrawn from her work for 15 days.

As you know Ebcog congress was postponed to 2017 and this year we are going to do our congress from 5<sup>th</sup> to 9<sup>th</sup> of October at Antalya.

At the end of the 2016 we are going to do a congress of Nutrition of pregnant, lactating and adolescent women at Ankara. We are waiting for your best studies to our journal.

I wish you a happy new year again.

**Prof. Dr. S. Cansun Demir**  
**President of TSOG**
